## Weathering The Storm: Hurricane Preparation

We urge our members to be prepared for this hurricane season. The following items are recommended to have access to during a storm or disaster event:

- **Get A Debit Card.** A debit card ensures that you will have access to your account for ATM withdrawals and purchases during the storm.
- **Sign Up For Online Banking.** Be sure that you have access to online banking in order to stay up to date with your account transactions and account balances. Signing up for online banking also gives you access to our mobile banking system for smartphones and tablets. Search for Fleur De Lis FCU on your App Store.
- **Bookmark Our Website.** Be sure to bookmark our website: [www.fdlfcu.com](http://www.fdlfcu.com). We will post important news, updates, and contact information on the home page during a disaster event.
- **Get A List Of Shared Branch Locations.** The shared branching network allows our credit union members to utilize other credit unions to do transactions on their FDLFCU accounts at thousands of locations across the world. If you have an idea where you will likely be evacuating to, it would be a good idea to get a list of shared branching locations in that area. Visit <https://co-opcreditunions.org/locator/> for details.
- **Bookmark other credit union websites.** The Louisiana Credit Union League ([lcul.com](http://lcul.com)) and National Credit Union Administration ([ncua.gov](http://ncua.gov)) may also post updates on behalf of credit unions during a disaster.
